

COVID-19 GUIDELINES

GRACE CHURCH NURSERY

The Grace Little Angels Nursery exists to provide a safe and enriching environment to enable parents to focus wholly on worship.

Max capacity: 6 children, 2 volunteers.

Nursing area is available in the Ziebell classroom.

Scheduled cleaning

The nursery is cleaned weekly.

Toys will be rotated and sanitized between uses.

Parents

- In order to provide a safe and clean environment for all children in our care, we ask parents to refrain from entering the nursery unless assisting with potty training.
- We recommend the child's temperature be checked before coming to church and if it is higher than 99.5 degrees, please plan to keep the child with you during the service.
- Please register your child via the link on the website in advance or provided card at drop off.
- A volunteer will take your child's temperature outside the nursery prior to entry.
- Shoes are not to be worn in the nursery, please remove the child's shoes and place in the diaper bag or keep with you.
- Please wash your child's hands or use the provided sanitizer on their hands prior to handing them off to the volunteer inside the nursery.
- Water will be served in paper cups to the children upon request. Snacks will not be available in the nursery.
- Masks for children are optional.

Volunteers

- Volunteers will wear masks and wash hands frequently.
- Volunteers will monitor toys children play with and place any that a child's mouth touches in the bin to be sanitized.
- Volunteers will wear gloves when changing diapers and assisting with potty training. Wash hands after completing these tasks and dispose of gloves.
- Volunteers will place the child's diaper bag on a designated location on the counter to ensure it is returned to the appropriate parent and the child does not have unsupervised access.
